**Our Service Maintenance Contract shall fulfill two objectives:**

- 1) We will thoroughly clean and lubricate components that are subjected to wear and accumulation of performance robbing debris.
- 2) We will utilize detailed inspection criteria in the analysis of your system's performance, safety and overall condition and provide you with a timely and accurate appraisal of your equipment.

We agree to provide you with a complete precision cleaning for your refrigeration and HVAC during the term indicated. Any issues found during maintenance will be noted and brought to the owner's attention. An estimate will be provided for approval.
